PRODUCT INFORMATION:

IMPURITIES:

This product contains fluorine as an impurity. Do not feed this product to livestock or use in stockfeed mixtures. If top dressing pastures do not graze for 3 weeks or until rain or irrigation is received. This product contains heavy metal impurities. Its use may result in accumulation of cadmium and lead in the soil. Depending on soil characteristics, irrigation water quality, plant species and variety, crop uptake of cadmium may lead to residue levels in plant and animal products in excess of the maximum level specified by the Australia New Zealand Food Standards Code. In pasture, the offal from grazing animals may also exceed these limits.

DIRECTIONS FOR USE:

Granulated mono-ammonium phosphate fertiliser. Mainly used at planting in grain, horticultural and forage crops, and also for top-dressing dairy pasture. This product is not suitable as a stockfeed supplement or for application in solution, i.e. dissolved in irrigation water, water injection equipment or as a foliar spray. Because climatic and soil conditions, application methods, irrigation, agricultural and grazing management practices are beyond the control of Wengfu Australia Pty Ltd and cannot be foreseen, Wengfu Australia Pty Ltd accepts no responsibility whatsoever for any commercial damage, loss or other result following the use of this product whether used with directions or not, subject to any overriding statutory provision and provided such liability under those provisions shall be limited to the replacement of the goods as supplied or rendering again the services that are provided. The buyer accepts and uses this product subject to these conditions.

SAFETY DIRECTIONS:

This product contains Dust. Do not swallow. The dust from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin.

STORAGE:

Store in cool, dry well ventilated area, removed from oxidising agents and foodstuffs. Do not store in silos.

CARE OF EQUIPMENT:

This product can be corrosive to metals. Clean equipment after use, and follow manufacturer's maintenance advice.

MSDS:

The MSDS for this product is available on request.

WARNING:

The dust from this product may irritate the eyes and skin. Avoid contact and inhalation of dust.

This product contains Cadmium and Mercury. Continued use of this product in agricultural situations may lead to residue levels in plant and animal products in excess of the maximum level specified by the Australia New Zealand Food Standards Code and the accumulation of Cadmium in soils.
